

SSS FOR THE BLOOD

"S. S. S. for the blood" has grown to be a household saying. When the blood is out of order, or needs treatment from any cause, this great remedy is the first thought of and used by thousands of people all over the country, because it is superior to all other blood purifiers. It is a purely vegetable remedy, and while it penetrates the circulation and forces out all poison and morbid matter, it also builds up the entire system by its fine tonic effect. During the winter months the natural avenues of bodily waste have become dull and weak and failed to perform their full duty, the blood has been sluggish and an extra amount of poisons and waste matters have accumulated in the system and been absorbed by it. With the coming of Spring and warm weather the blood is aroused and stirred to quicker action and in its effort to throw off these acids and poisons the skin suffers. Boils, pimples, blotches, rashes and eruptions break out and continue until the blood is cleansed and made pure. S. S. S. is the ideal remedy for this condition; it clears the blood of all impurities, makes it rich and strong and these skin troubles pass away. Rheumatism, Catarrh, Chronic Sores and Ulcers, Scrofula, Contagious Blood Poison and all other diseases of the blood are cured by S. S. S. Book on the blood and any advice desired, free of charge.

CHAPTER VII.

Of all that long season of snow I remember most pleasantly the days that were sweetened with the sugar making. When the sun was lifting his course in the clearing sky and March had got the temper of the lamb and the frozen pulses of the forest had begun to stir, the great kettle was mounted in the yard and all gave a hand to the washing of spoons and buckets. Then came tapping time, in which I helped carry the buckets and tasted the sweet flow that followed the auger's wound. The woods were merry with our shouts, and shortly one could hear the heartbeat of the maples in the sounding bucket. It was the reveille of spring. Towering trees shook down the gathered stores of snow and felt for the sunlight. The arch and slanty were repaired, the great iron kettle was secured and lifted to its place, and then came the boiling. It was a great, an inestimable privilege to sit on the robes of fabled fur in the shanty and hear the fire roaring under the kettle and smell the sweet odor of the boiling sap. Uncle Eb minded the shanty and the fire, and the woods rang with his merry songs. When I think of that phase of the sugaring I am face to face with one of the greatest perils of my life. My foster father had consented to let me spend a night with Uncle Eb in the shanty, and I was to sleep on the robes, where he would be beside me when he was not tending the fire. It had been a mild, bright day, and David came up with our supper at sunset. He sat talking with Uncle Eb for an hour or so, and the woods were darkening when he went away.

When he started on the dark trail that led to the clearing I wondered at his courage—it was so black beyond the firelight. While we sat alone I pleaded for a story, but the thoughts of Uncle Eb had gone to roost early in a sort of gloomy meditation.

"Be still, my boy," said he, "an' go t' sleep. I ain't a-goin' t' tell no yarns an' git ye all stirred up. Ye go t' sleep. Come mornin' we'll go down t' the brook an' see if we can't find a mink or two, 'n the traps."

I remember hearing a great cracking of twigs in the dark wood before I slept. As I lifted my head Uncle Eb whispered "Hark!" and we both listened. A bent and aged figure came stalking into the firelight. His long white hair mingled with his beard and covered his coat collar behind.

"Don't be scared," said Uncle Eb. "Tain't no bear. It's nuthin' but a poet."

I knew him for a man who wandered much and had a rhyme for every one—a kindly man, with a reputation for laziness and without any home.

"Bilin' eh?" said the poet.

"Bilin'?" said Uncle Eb.

"I'm bilin' over 'n the next bush," said the poet, sitting down.

"How's everything in Jingleville?" Uncle Eb inquired.

Then the newcomer answered: "Well, neighbor dear, in Jingleville we live by faith, but we eat our fill. An' what would we do if it wasn't for prayer?"

For we can't raise a thing but whiskers an' hair."

"Cur'us how you can talk poetry," said Uncle Eb. "The only thing I've got ag'in you is them whiskers an' that hair. Tain't Christian."

"Tain't what's on the head, but what's in it—that's the important thing," said the poet. "Did I ever tell ye what I wrote about the birds?"

"Don't know 's ye ever did," said Uncle Eb, stirring his fire.

"The boy'll like it mebbe," said he, taking a dirty piece of paper out of his pocket and holding it to the light.

The poem interested me, young as I was, not less than the strange figure of the old poet who lived unknown in the backwoods and who died, I dare say, with many a finer song in his heart. I remember how he stood in the firelight and chanted the words in a sing-song tone. He gave us that rude copy of the poem, and here it is:

THE ROBIN'S WEDDING.

Young robin redbreast had a beautiful nest, an' he says to his love, says he: "It's ready now on a rocking bough. In the top of a maple tree. I've lined it with down an' the velvet brown on the waist of a bumblebee. They were married next day in the land o' the hay, and the ladybird an' he."

The bonobin came wife of the mink. An' the lark an' the fiddle de dee. An' the crow came down in a minister gown—there was nothing that he didn't see.

He fluttered his wing as they sat him to sing, an' he tried fer t' clear out his throat. He hummed an' he hawed an' he hawed an' he hawed. But he couldn't deliver a note. The swallow was there, an' he ushered each pair, with his linsey an' claw-hammer coat.

The bobolink tried fer t' flirt with the bride in a way that was sassy an' bold. An' the notes that he took as he shivered an' shook. Hed a sound like the jingle of gold. He sat on a brier an' laughed at the choir an' said that the music was old.

The sexton he came—Mr. Spiller by name—a citizen hairy and gray. His rope in a steeple, he called the good people. That live in the land o' the hay. The ants an' the soaps an' the crickets an' bugs came out in a mighty array.

Some came down from Barletown an' the neighboring city o' Rye. An' the little black people they climbed every stile. An' sat looking up at the sky. They came fer t' see what a wedding might be, an' they furnished the cake an' the pie.

I remember he turned to me when he had finished and took one of my small hands and held it in his hard palm and looked at it and then into my face.

"Ah, boy," he said, "your way shall lead you far from here, and you shall get learning and wealth and win many victories."

"What nonsense are you talking, Jed Feary?" said Uncle Eb.

"Oh, you all think I'm a fool an' a humbug cos I look it. Why, Eben Holden, if you was what ye looked ye'd be in the presidential chair. Folks here 'n the valley think o' nuthin' but hard work, most uv 'em, an' I tell ye now

"You shall get learning and wealth," this boy ain't a-goin' t' be wuth putty on a farm. Look at them slender hands."

"There was a man come to me the other day an' wanted t' hev a poem 'bout his wife that hed jes' died. I ast him t' tell me all 'bout her."

"'Vauld' said he after he had scratched his head an' thought a minute, 'she was a dretful good woman t' work.'"

"'Anything else?' I asked."

"He thought ag'in fer a minute."

"'Broke her leg once,' he said, 'an' was laid up fer more'n a year.'"

"'Must a' suffered,' said I."

"'Not then,' he answered. 'Ruther enjoyed it layin' abed an' readin' an' bein' rubbed, but 'twas hard on the children.'"

"'Sease ye loved her,' I said."

How Health Is Gained.

The story of a great deal of the happiness of women is a story of lost health. Women wonder how it is that little by little the form loses plumpness, the cheeks grow hollow and sallow, and they feel tired and worn-out all the time. In a large proportion of cases when women are weak, run-down and falling off in flesh and looks, the root of the trouble can be traced to womanly diseases which undermine the general health. The proof of this is that women who have been cured of painful womanly diseases by the use of Dr. Pierce's Favorite Prescription have recovered their general health, gained in flesh and in appearance.

\$500 Reward for Women Who Cannot be Cured.

The proprietors and makers of Dr. Pierce's Favorite Prescription now feel fully warranted in offering to pay \$500 in legal money of the United States for any case of Leucorrhea, Female Weakness, Proflapsus, or Falling of Womb, which they cannot cure. All they ask is a fair and reasonable trial of their means of cure.

"I suffered for three years with ovarian trouble," writes Mrs. Anna Quinn (Treasurer Woman's Athletic Club, of Syracuse St. Milwaukee, Wis. "The treatment I took did not do me a particle of good, until a good neighbor who had been using Dr. Pierce's Favorite Prescription advised me to give it a trial. The next day took my first dose, and it was my first step toward recovery. In nine weeks I was a different woman; my flesh which had been flabby became firm, complexion clear and my eyes bright. It was simply an indication of the great change within from pain and suffering to health and happiness."

Dr. Pierce's Pleasant Pellets invigorate stomach, liver and bowels.

PEACE IS IN SIGHT

Czar Has Outlined Conditions Under Which He Is Prepared to Negotiate.

THANKS TO UNCLE SAM

Word Comes From St. Petersburg That Good Offices of United States Have Been Accepted.

A Discreet Silence Is Maintained in Washington on This Important Subject.

St. Petersburg, March 29.—Russia has outlined the conditions under which she is prepared to negotiate peace. It is stated with every semblance of authority that, thanks to the good offices of the United States and France, the question of peace had assumed practical shape.

Washington, March 29.—Diligent inquiry has failed to develop what if any assistance this government had been in the way of bringing about preliminary negotiations for peace between Russia and Japan. It is known, however, that this government for a long time has stood prepared to use its good offices in the interest of peace whenever the opportune moment arrived for action by this government without serious risk of giving offense to either of the combatants and thereby lessening our power for good. A prominent head of one of the diplomatic establishments here, when shown the St. Petersburg statement, said that he had not received any word from his government on the subject for several days and had heard nothing to confirm the report. At the same time he would not be astonished to learn of its accuracy, though he had not expected matters to reach that stage as yet.

Need No Intermediary. London, March 29.—"When peace negotiations commence it will be between Russia and Japan direct, and not through any intermediary," was Minister Hayashi's comment when shown a dispatch from a northern European capital stating that M. Delcasse, the French foreign minister, had been asked to act as an intermediary, to open peace negotiations. Minister Hayashi said he attached no importance to the statement, but believed that France was trying to influence Russia to open negotiations for peace. "So far as I know," he added, "no negotiations have been begun; but when Russia is ready to make terms Japan will be happy to consider them."

Police Dragnet. Warsaw, March 29.—The police are prosecuting a strict search of factories and workshops here for Socialist workmen with the purpose of discovering the conspirators concerned with recent bomb throwing. A number of students suspected of complicity in last Sunday's affairs have been arrested. Baron Von Molken, the chief of police, who was wounded by the explosion of a bomb on Sunday, is improving. He received 120 separate wounds, cuts and scratches.

An Ominous Silence. St. Petersburg, March 29.—The entire absence of private and press telegrams from the front, together with a laconic message from General Linvitch last night, dated Harbin and saying, "No reports from the armies," evokes fears that communication has been cut and that the Japanese have turned the Russian positions.

POLICY HOLDER'S PETITION

It Is Alleged That Hyde Gave Great Ball at Equitable's Expense.

Albany, N. Y., March 29.—State Senator Edgar T. Brackett of Saratoga has filed with Attorney General Mayer a petition asking leave to begin an action in the name of the people for the removal from office of James R. Hyde and Jacob Schiff of New York and other directors of the Equitable Life Assurance society as may be proved guilty of misconduct toward the interests of the policy holders of the Equitable. The petition alleges on information and belief that the ball recently given by Mr. Hyde in New York and also his trip to Europe were really at the expense of the Equitable society rather than of Mr. Hyde himself and against Mr. Schiff that he sold bonds to the society while himself a director. It has been held by the courts that in such case policy holders may not bring action in person, but must proceed through the attorney general as in the present case.

Getting at the Matter.

Washington, March 29.—President Roosevelt has decided to accept the proposition of the Dominican government, made through Minister Dawson, for the control of the finances of that republic, with a view to setting aside a portion of the revenues of the republic for the payment of its debts. The officers who will collect the money and hold it will be appointed by the Dominican government, but the names of the men selected will be referred to this government for approval.

ABSENCE OF FORESTS

Will Mean Conversion of Land Into a Vast Desert of Which Kansas Is the Beginning.

Hanover College Professor Sounds a Note of Alarm in Connection With Forest Destruction.

Moore's Hill, Ind., March 29.—Prof. A. H. Young, in his opening lecture for the third term at Hanover college, asserted that because of the shameful destruction of the forests the fertile lands of the country are rapidly being changed into deserts. Professor Young explained that the average forest tree gives off eight tons of water during a hot summer's day, and the trees are the only means of supplying moisture to the vegetable as well as animal life during the sultry days. The absence of the forests will mean the conversion of the land into a vast desert, of which Kansas is a beginning.

Claims Aggregating \$138,000 Have Been Filed and Proved.

Auburn, Ind., March 29.—Charles M. Brown, trustee of the bankrupt estate of the Model Gas Engine company, has arranged to pay another dividend this time ten per cent. Claims aggregating \$138,000 have been proved, belonging to 197 creditors. Of this number of creditors, 50 represented debts contracted under the receivership of Messrs. Mounitz and Strauss, and are therefore preferred. The largest creditor is Norman T. Jackson, receiver of the Farmers' bank of Auburn, whose claim is for \$38,000. Of this amount, \$35,000 is in notes and other obligations, which the Model Gas Engine company sold and transferred to the Farmers' bank, and by its endorsement was guaranteed payment by the bank. The receiver of the bank has filed a report showing that he has endeavored to collect these obligations, but they are worthless.

House Work

Need Not Wear Her Out

The drudgery of house work seems never ending to tired-out, dispirited women who suffer from female complaints or irregularities. Inflammation and ulceration of the womb and ovaries cause fearful bearing down pains which are aggravated by much standing on the feet, and lifting necessary in house work. But let no woman despair of relief from this torture. That famous tonic reconstructor of diseased or disordered female organism,

Lydia E. Pinkham's Vegetable Compound

has cured more than one million American Women, and it will cure you. When monthly periods are painful or irregular, when backaches and headaches drive out all ambition, Lydia E. Pinkham's Vegetable Compound will bring back health, strength, and happiness.

It Gave Me New Life and Vigor

DEAR MRS. PINKHAM:—Last spring, while we were moving, I did considerable more work than my strength permitted, and, having mental trouble at the same time, my health broke down completely and I found myself unable to rest or eat. My nervous system became shattered and I was pale and emaciated and had to take to my bed. My sister advised me to try Lydia E. Pinkham's Vegetable Compound, and, although I had no faith in patent medicines, I was so miserable that I would take anything for relief. I found that it made a complete change for the better, inducing appetite and restful sleep and imparting new life and vigor to my entire system. I gained nearly fourteen pounds, my complexion looked fresh and clear, and my best friends were surprised and pleased at the change and could hardly credit the fact that Lydia E. Pinkham's Vegetable Compound had accomplished it.

John D. Will Coon Knew.

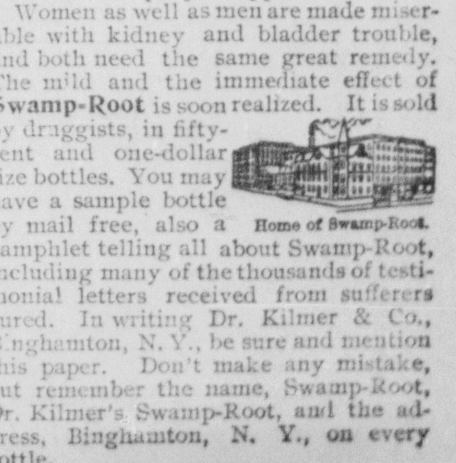

Boston, March 29.—Positive action was taken on the question of accepting John D. Rockefeller's gift of \$100,000 to the American board of commissioners for foreign missions at a meeting of the prudential committee of that organization, but the nature of the action was not disclosed. The committee announced officially, however, that a statement citing the decision of the committee would be given out after the report had been officially communicated to a committee appointed at a meeting of Congregational clergymen of Boston and vicinity to protest against the acceptance of the Rockefeller gift.

Too Many Robberies.

Indianapolis, Ind., March 29.—Working on the theory that an organized gang of burglars is at work in this city, the police are rounding up all suspicious characters. Several persons have been arrested on the charge of loitering and more will follow. The activity in this direction on the part of the police is due to the number of robberies that have occurred.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased. Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose. Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Englewood, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Englewood, N. Y., on every bottle.

It is probable that several from Seymour and vicinity will visit Louisville April 4, the date of President Roosevelt's visit to that city.

FRED SIMS, Secretary of the Republican state committee has finally made up his mind to be a candidate for Secretary of the State. He will be a strong candidate and may have no opposition. He is well known over the state and quite popular.

MRS. CHADWICK, who induced several bankers and ordinarily shrewd business men to take her paper and word for some big loans, has been sentenced to ten years in prison. Some of the men to whom she paid the big premiums should be sent with her.

THE street commissioner is putting the streets of the city in good condition. Residents of the city should observe their back alleys and see whether they have obeyed the ordinance which forbids the throwing of garbage in the alleys. And while observing take a look at the back yard. It may need some attention before it is in a good sanitary condition.

THE belated report of the retiring trustee of Redding township published last week has been studied with interest by the taxpayers of Redding township. They had begun to think that they would never have an opportunity to see it in print. It was right to give it to the public as the law specifies. It was not justice to either the outgoing or incoming trustee to hold it back and neither was it justice to the taxpayers.

SOME of our exchanges are calling attention to the fact that some of the state's benevolent institutions are poorly located. That is certainly true. Some are away off to one side of the districts they serve making the transportation expense to the institution much greater than if they were central. Then in several cases the drainage facilities are bad and a constant source of annoyance and expense. In some cases the railroad facilities and shipping advantages are bad. All these disadvantages will be overcome in the case of the New Southeastern Hospital by locating at Seymour.

OVERWORKED.

School Children in Seymour

Will Be Interested in This Incident.

Miss Effa Gould of Coldwater, Mich. writes: "I was so tired, run down and extremely nervous that I was obliged to stay out of school, and the doctor thought I would have to give up entirely, but he advised me to try the new cod liver oil preparation, Vinol. I did so, and two bottles have made a wonderful improvement. I have resumed my school work and feel strong and well now. I have the greatest confidence in Vinol and feel like recommending it to every tired-out, overworked school girl or boy, as it did so much for me."

W. F. Peter Drug Co. says: "There is no doubt Vinol is the best medicine in the world for growing school girls and boys. It is not a patent medicine

but a delicious cod liver oil preparation containing in a concentrated form all the strength-creating, body-building elements of cod liver oil, but without oil or grease, and it cannot upset weakened stomachs as do old-fashioned cod liver oil and emulsions.

"Vinol contains just the elements necessary to make for each child new vitality, sound flesh and muscle tissue strong bone structure, rich, red blood and create strength.

"We ask every mother in Seymour to try Vinol for their children, on our guarantee to return the money if it fails. There is also nothing equal to Vinol to create strength for old people or people who are run down, tired and debilitated if you try it and don't like it we will give your money back." W. F. MARRIED.

WRIGHT-CLAYCAMP.

A quiet home wedding occurred at the home of Mrs. Wm. Claycamp, near Surprise, Sunday afternoon March 26, at 2:30 o'clock, when her daughter, Miss Jessie B., was married to James A. Wright, of Surprise. The ceremony was performed by Rev. O. C. Taylor, a United Brethren minister, of Fredtown. The bride is the youngest daughter of Mrs. Claycamp and is a popular young lady. The groom is a grandson of Jasper Wright, of Surprise, and is an industrious and ambitious young man. Both are especially well known in Hamilton township. Tuesday they came to Seymour to make their home, he having employment here.

ANOTHER FIRE.

Charles Dobbins and Family Experience the Second Fire Within a Month.

Chas. Dobbins and family, who reside on South Poplar Street were the unfortunate victims of another fire Tuesday night. About 2:30 a. m. the residence which they occupy took fire from some unknown source and was under considerable headway when discovered. The fire started at the rear of the residence in the summer kitchen, where the family had had no fire since they had lived there. When the fire department arrived the house was burning furiously and already other residences were in danger. A part of the household goods was removed from the burning building, but not all.

During the progress of the fire other houses took fire, but prompt action prevented them from burning. It is said that six nearby houses were afire at one time and for a while it looked like there might be a general conflagration. The summer kitchen belonging to Will Zickler was damaged more than any of the other adjacent buildings. The house occupied by Mr. Dobbins, which is a story and a half frame, was pretty well consumed. The house was owned by Mrs. William Mascher, who is not now a resident of this city. The total loss will amount to several hundred dollars.

In her endeavor to remove some of the household effects, Mrs. Dobbins was shut off from the stairway and had to jump from the top of the veranda to the ground and was considerably bruised. She was also burned about the face to some extent.

This is the second fire loss that Mr. Dobbins and family have suffered within the past month. The loss falls very heavily upon them for they are not able to go through such experiences so often.

TRESTLE BURNED.

Traffic On B. & O. S-W Interrupted For Several Hours.

Traffic on the B. & O. S. W. was very much interfered with Wednesday morning. About a hundred feet of the trestle work east of Medora was burned out some time after midnight. It seems probable that fire was communicated to the trestle work by No. 3, the west bound passenger train which passed that point a little after midnight. Fortunately the fire was discovered in time to prevent the wreck of any trains.

No. 12 went from Mitchell over the Monon to New Albany and then on into Cincinnati. No. 5 was taken from North Vernon through New Albany and over the Monon to Mitchell. No. 4 came on through as usual reaching here 40 minutes late. The trestle was repaired temporarily so that trains could pass over at 9:30. Since then all trains have been running as usual. The repair gang did remarkably swift work in making repairs.

Fiftieth Anniversary.

At a recent meeting of the session of the First Presbyterian church, a number of committees were appointed to take charge of the observance of the fiftieth anniversary of that church. At a meeting of the chairmen of the committees on Monday night quite a number of plans were formulated for the services to be held on that date, the 30th of April, 1905. The following is a list of committees and chairmen appointed:

Program.....Rev. G. W. Shields
Press and Advertising.....Mrs. C. C. Sandau
Finance.....Mr. C. D. Billings
Invitation.....Mrs. M. S. Blish
Entertainment.....Mrs. J. H. Andrews Sr.
Music.....Mrs. W. P. Masters
Decoration.....Mr. Clyde Roach
Refreshment.....Mrs. Helen Laird
Ushers.....Mr. Robert Perkins
Altogether about fifty members of the church have their names on the committee list and the occasion is to be one of great pleasure and benefit to the church.

Allegheny Graft Cases.

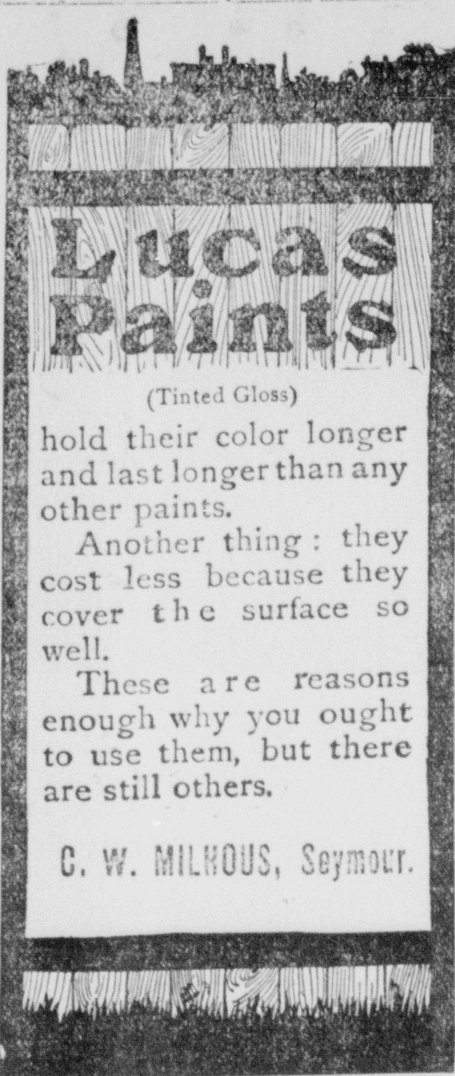

Pittsburg, March 29.—At the hearings in the Allegheny "graft" cases before Alderman Toole, Police Captain James Wilson, Lieutenants Robert Dickson and John G. Boreland, and Patrolman Michael Rodman and Thos. Carroll, charged with extortion in receiving money for opening and protecting illegal resorts were held for trial. In the case of each of the defendants testimony was given showing that they had accepted money from keepers of resorts under the promise of "friendship."

Corporation Tax Law.

Sacramento, Cal., March 29.—Governor Pardee has approved the bill passed by the last legislature fixing a flat tax of \$10 a year on all corporations, foreign and domestic, doing business in this state. The tax is expected to yield the state \$500,000 in revenue during the next two years.

TRACTION TALK.

Columbus Times Says the Irwin Line will be Extended.

The Times was informed in confidence, recently, at Indianapolis, that the Indianapolis, Columbus and Southern Traction company would extend their line from this city to Azalia, this season, and that Seymour and North Vernon people were to build a connecting line from their respective cities to a junction with the Irwin line.

Joseph I. Irwin was asked concerning the matter, and said there was nothing in the story. He said, however, that he would extend his line to Redding if Seymour and North Vernon would build to that point and join him, on such conditions that the Indianapolis, Columbus and Southern Traction company control the lines leading into both Seymour and North Vernon—Columbus Times.

This is a feasible plan and one worthy of consideration by the people of Seymour and Jackson county. Since the Irwins own the line from Columbus to Indianapolis it would be more satisfactory to have that line extended than to build a line independent of that one.

Ginseng Culture.

J. H. Waters of New Washington, formerly of Sellersburg, is devoting considerable attention to ginseng culture and is sanguine that he will make a paying venture. He expects next fall to have one acre planted and on this area he claims 120,000 plants can be raised. The value of such a crop would be \$25,000 to \$30,000 but this would take five years to mature and part of the harvest will be reaped in earlier years as seed and by selling the young plants. Washington township, where the Camp Falls farm is situated, is the natural home of ginseng which used to grow wild there in large quantities. Whereas in those days it fetched 50 cents the pound the present quotation is \$7.50.

Like Finding Money.

Finding health is like finding money—so think those who are sick. When you have a cough, cold, sore throat, or chest irritation, better act promptly like W. C. Barber, of Sandy Level, Va. He says: "I had a terrible chest trouble caused by smoke and coal dust on my lungs; but, after finding no relief in other remedies, I was cured by Dr. King's New Discovery for consumption, coughs and colds." Greatest sale of any cough or lung medicine in the world. At W. F. Peter Drug Co., 50c and \$1.00; guaranteed. Trial bottle free.

SAUERS.

Eph Wilson, of Brownstown, was through here last week buying stock. Henry Schurman and wife have moved onto the farm which he recently purchased of Wm. Topie.

Ed Wienhorst is working for Fred Altemeyer this season. Henry Waldkoetter sr. is having lumber sawed preparatory to building a new house.

Farmers commenced last week to sow oats as the ground is working up very nicely.

FOUR DOLLAR BILL.

Old Friend of McKinley Possesses a Rare Bank Note.

C. H. Bush, a traveling salesman whose home is in Canton, Ohio, was in Seymour today and showed to some friends a rare piece of money. It is a bill of the unusual denomination of \$4. The bill seems to have been issued by the Bank of Washington, North Carolina, and bears the signature of George Washington, who was the President of the bank and is dated April 18, 1789, twelve days before Washington took the oath of office as the first president of the United States.

The fact that the bill bears the autograph of George Washington makes it especially precious as a relic. Mr. Bush says that he has information that this is one of three bills issued of this denomination. The other two were redeemed by the United States Treasury about 1830.

Mr. Bush says that the bill came into his family through his great grandfather, a Pennsylvania cattle dealer, who gave a \$200 horse for it. After keeping it several years he gave it to Mr. Bush, the present owner of the bill.

Though the bill is 116 years old it is in a fair state of preservation. Mr. Bush says he has been offered \$400 for it, but would not part with it at any price. He says he received a letter from the Treasury Department some time ago, asking him to send it in, but he declines to do so.

Mr. Bush was a close neighbor of the late President McKinley and was a warm personal friend of his and took part in every campaign in which McKinley was a candidate for office.

Miss Lauster Entertains.

After the entertainment at the Opera house last night Miss Georgia Lauster was hostess and served an excellent lunch to a few of her student friends of the U. U. Glee Club and a few of her young lady friends of this city. Miss Lauster remains here until next Tuesday when she will return to her work at the Indiana University.

Found Empty Buildings.

W. H. Tanner, of Milton, is mentioned as having been in Shelbyville and Columbus, seeking to locate a plant for the manufacture of a patented hay bed, of which he is the inventor. Mr. Tanner asks help to capitalize the plant for \$60,000 and found idle factory buildings in both cities named that he said would be suitable.

The annual congregational meeting of the Presbyterian church will be held this evening at the close of the Preparatory service. Reports from the various organizations of the church will be read and Elders and Deacons will be elected.

Insanity, Death or Health?

No. 2807 Locust Street, St. Louis, Mo., March 29, 1903.

I was a victim of sleeplessness and extreme nervousness for eighteen months, unable to get a proper night's rest and feeling tired and worn out continually. I was easily irritated and hysterical at the slightest provocation, but Wine of Cardui gave me great relief. Within a week after I began using it I had my first real good night's rest that I had had for months. My appetite was soon restored, my general system toned up and nervousness became a thing of the past.

I am so pleased to acknowledge the great curative merit of your health giving medicine and gladly endorse it.

Harriet O. Best
CHAIRMAN, LADIES OF HONOR, No. 97.

WINE of CARDUI

We want to call your attention to the complete and immediate relief Mrs. Best secured by taking Wine of Cardui. Within a week after she began taking Wine of Cardui, Mrs. Best had her first good night's rest for eighteen months. Her restlessness was caused by nervousness and Wine of Cardui, as the best menstrual regulator, has no superior in the world as a medicine to soothe a woman's nerves. Nervousness and hysteria are warnings of the approach of insanity and if relief is not secured the end can only be the asylum or the grave. No suffering woman can reasonably refuse to give Wine of Cardui a trial. It brings a cure that thousands of women have sought for in vain. Will you secure a bottle of Wine of Cardui today and start treatment?

Hesitating.

So far there is no evidence that P. J.
McNerny & Company, of Indianapolis,
expect to begin work on the sewerage
system next Saturday, April 1. Their
so-called contract with the city calls
for the completion of the system within
three hundred working days after
April 1, otherwise they are to forfeit
\$50 per day for each day it remains
uncompleted. They also deposited a
certified check for \$1,000 for the faith-
ful performance of their contract.—

were fine, but the general impression
made by the entertainers was not
overly good. They present their en-
tertainment at Madison tonight. The
club was greeted by a large audience

Tired Nervous

When you feel languid, tired, nervous and irritable, your vitality is low—your supply of nerve energy exhausted, and your system running down for lack of power.

The organs of the body are working poorly, or not at all, and you are not getting the nourishment needed. This soon impoverishes the blood and instead of throwing off the impurities, distributes it all through the body. This brings disease and misery.

Feed the nerves with Dr. Miles' Nerve, a nerve food, a nerve medicine, that nourishes and strengthens the nerves, and see how quickly you will get strong and vigorous.

"My wife suffered with nervousness previous to a recent attack of typhoid fever, but after her recovery from the fever, she was much worse, and could hardly control herself, being exceedingly nervous when the least excited. She was very restless at night, and never had a good night's rest. She also suffered much from nervous headache. Dr. Miles' Nerve was recommended by a friend. After the first three doses she had a good night's rest, and at the end of the first week's treatment she was wonderfully improved. Continued use of Nerve has completed her entire cure."

1021 Cherry St., Evansville, Ind.
Dr. Miles' Nerve is sold by your druggist, who will guarantee that it will benefit you. If it fails, he will refund your money.

The Secret of Success.

Forty million bottles of August Flower sold in the United States alone since its introduction! And the demand for it is still growing! Isn't that a fine showing of success? Don't it prove that August Flower has had unflinching success in the cure of indigestion and dyspepsia—the two greatest enemies of health and happiness? Does it not afford the best evidence that August Flower is a sure specific for all stomach and intestinal disorders—that it has proved itself the best of all liver regulators? August Flower has a matchless record of over thirty-five years in curing the ailing millions of these distressing complaints—a success that is becoming wider in its scope every day, at home and abroad, as the fame of August Flower spreads. Trial bottles, 25c, regular size, 75c. For sale by W. F. Peter Drug Co.

Mysterious Case at Ottawa.

Ottawa, Kan., March 29.—Mrs. Caroline Jones, aged seventy-two years, of Wellsville, was attacked at a sanitarium here during the night by some unknown person and perhaps fatally wounded. Her skull was fractured with an ax and the body was horribly mutilated. The mutilation of the body was similar to that in the Nickum murder case at Topeka last year, when Mrs. Nickum, who kept a boarding house, was mysteriously murdered and her body fearfully slashed. No motive for the attack on Mrs. Jones is known and there is no clue to her assailant.

Convicted on Circumstantial Evidence.

Peoria, Ill., March 29.—Otis Betts was convicted of wife murder and sentenced to death. The dead body of the young woman was found Jan. 6 in their apartments, a ribbon tied tightly about her throat and a handkerchief in her mouth. Suspicion pointed to the husband and he was found after two days. The evidence against him was circumstantial but conclusive.

Fatal Accident at Sawmill.

Madison, Ind., March 29.—Thomas Alley was accidentally killed in a sawmill.

Are You Engaged?

Engaged people should remember, that, after marriage, many quarrels can be avoided by keeping their digestions in good condition with Electric Bitters. S. A. Brown, of Bennettville, S. C., says: "For years, my wife suffered intensely from dyspepsia, complicated with a torpid liver, until she lost her strength and vigor, and became a mere wreck of her former self. Then she tried Electric Bitters, which helped her at once, and finally made her entirely well. She is now strong and healthy." W. F. Peter Drug Co.

It is Alleged that T. J. Connors Paid too Much Attention to Edward Shields.

Chicago, March 29.—The federal grand jury last night returned an indictment against Thomas J. Connors, general superintendent of Armour & Co. on a charge of interfering with a witness summoned to appear before the jury. Mr. Connors, who is J. Ogden Armour's most confidential employe, and the active head of one of the largest packing companies in the world, was arrested on a bench warrant by a United States deputy marshal and brought to the grand jury room, where he was released on a \$5,000 bond. After his release Mr. Connors refused to discuss the matter.

The indictment charges that John Edward Shields of Brooklyn, N. Y., a former employe of Armour & Co., and who testified before the grand jury in the so-called beef trust investigation, was approached, favored and entertained by Mr. Connors and specifically states that on March 25 the offense upon which Mr. Connors was indicted occurred. It is also charged that Shields was given the use of Armour & Co.'s office at 250 LaSalle street to transact his business while in Chicago and also the use of a private telegraph wire in the office of the packing company.

Another allegation is that Shields was entertained by Connors and that Connors suggested to the proposed witness that he should testify favorably to Armour & Co., and not to tell all he knew concerning the matter under investigation. The second count of the indictment charges that Mr. Connors did not limit his attempt at influencing witnesses to Mr. Shields, but that other witnesses who have not as yet appeared in Chicago have been approached by him and attempts made to influence them as to the nature of testimony they would give before the jurors.

When the special grand jury convened last week Shields was one of the first witnesses to appear. He came to Chicago from New York. He had testified before a grand jury sitting in New York, and there is said to have divulged facts which led the federal officials to believe him in possession of many other details concerning the question under consideration. He was requested to come to Chicago and the federal officials were instructed to watch the man closely. Two men were detailed to watch Shields. One of these secret service men obtained Shields' confidence and then learned facts which doubled the precautions to prevent any of the witnesses from being coached. Shields was followed and it was soon learned that he frequented the offices of Armour & Co., having a private wire at his disposal and answering all his private correspondence there. Shields was followed to theaters, dinners and meetings in downtown hotels, every move that he made being closely watched. The matter reached a climax when one of the secret service men submitted a report to his superiors.

The section of the statutes under which the indictment was drawn provides that any person who interferes with a witness in a federal case shall be subjected to a fine of \$500, or imprisonment for three months, or both.

Students Show Their Interest.

Delaware, Ohio, March 29.—With 500 students hatless and coatless, tugging at the big rope which drew a plow, and giving the college yell with each effort, ground was broken for the new \$80,000 gymnasium of Wesleyan university. President Whitlock of the university guided the plow. A furrow 150 yards long, the length of the new structure, was run.

Dominican Officials Anxious.

San Domingo, Republic of Santo Domingo, March 29.—The Italian cruiser Calabria has arrived here. Dominican officials regard the coming of the Calabria as significant and declare that an arrangement with foreign creditors is urgently needed in order to prevent complications with foreign powers. The country continues quiet.

Grand Duke's Opinion.

St. Petersburg, March 29.—Grand Duke Vladimir is quoted as saying he doubted the existence of any real revolutionary movement, but that the government is watching the situation carefully and if the people again raise their hands against the emperor they will receive greater punishment than before.

Child Burned at Trash Pile.

Nashville, Ind., March 29.—At the home of Charles Gill, six miles east of Nashville his little daughter, Tonia, aged two and one-half years, was playing near a trash pile burning in the front yard when her clothing took fire, burning her so badly that she died two hours later.

Engineer Killed.

Mattoon, Ill., March 29.—Engineer C. E. Rowe was killed, a fireman was severely injured and a score of passengers were bruised in a head-on collision at Sullivan between a south-bound express and northbound freight on the Chicago & Eastern Illinois road.

Adrian Iselin, the banker, is dead

at his home in New York, aged ninety-two years. Mr. Iselin was the founder of the banking firm of A. Iselin & Co.

One man was fatally scalded and seven others painfully burned by the explosion of a boiler at the car shops of the Illinois Central Railroad company at Chicago.

Thomas J. Cleary, Jr., a prominent grain commission man of St. Louis, who has several times cornered the market and is reputed to have at one time made and lost a million dollars in one day, has been declared a bankrupt.
